**SUE BOYNTON**  
Senior Dento-legal Adviser

Sue Boynton is a Senior Dento-legal Adviser based in the Leeds office. Her background is in general dental practice and the community dental service. Sue has experience as a postgraduate tutor and is a trained mentor and NLP master practitioner. Following her degree in Medical Law Sue's areas of interest within Dental Protection include complaints resolution and regulation. Sue lectures regularly in Ireland and is our Dental Services Lead for the country.

**STEPHEN HENDERSON**  
Senior Dento-legal Adviser

Stephen Henderson is a Senior Dento-legal Adviser based in the London office. Stephen is a Specialist in Oral Surgery and his background was firstly in hospital practice working in a number of oral surgery units before moving to Oxford where he has been in mixed general and referral practice for more than twenty years. He continues to work in practice on a part time basis. Within Dental Protection Stephen's particular interest, following his degree in Medical Law, is Regulatory law and he reports to the team on the activities of the regulators in Ireland and the UK. He is also Dental Services Lead for Hong Kong. He has lectured in Ireland, the UK and internationally both on oral surgery and risk management.

# PROGRAMME

## “DON'T GET CAUGHT OUT!” AVOIDING PITFALLS IN ORAL SURGERY AND ENDODONTICS IN GENERAL PRACTICE.

Following the success of the last six years, Dental Protection is pleased to present another series of the popular Horizons evening roadshows taking place throughout Ireland in January 2015. Experienced local practitioners teamed with Dental Protection advisers will present a lively and interactive session. This is designed to provide a wealth of information which can help you to practise more safely and manage your own risks more effectively when working in these areas of dentistry. The presentations will cover:

- Where do the main problems come from in this area of dentistry?
- How can these problems be anticipated and managed?
- What do practitioners get wrong most often, and why?
- How to work within your competence and experience, and to recognise the cases where it might be more prudent to refer
- What are the key clinical records that need to be kept and why? What would good clinical records in this field consist of and look like?
- What are the key consent issues and pitfalls in this area of dentistry?
- Practical tips to improve your clinical outcomes and avoid problems.

16:00 Registration and refreshment's

16:30 Oral surgery - potential pitfalls of oral surgery in general dental practice and tips on how to avoid them

18:00 Buffet

18:45 Endodontics - potential pitfalls of endodontic treatment in general dental practice and tips on how to avoid them

20:15 Questions and final summary

20:30 Close

The Horizons series is suitable for all members of the dental team both Dental Council registered and non-registered, and includes 3 hours verifiable CPD and 3 hours of RiskCredits.
